  - TUR-24-R-SG-A — RIGHT HINGE STAINLESS GLASS
  - TUR-24-L-SG-A — LEFT HINGE STAINLESS GLASS

**UNDERCOUNTER REFRIGERATOR**
STAINLESS STEEL ENCAPSULATED SHELVES
2 adjustable/removable stainless steel encapsulated glass shelves

TRUE PRECISION CONTROL
True Precision Control® with steel touch technology and readout provides digital accuracy

300 SERIES STAINLESS STEEL
Industry-exclusive, 300 series stainless interior and exterior
TRUE UNDERCOUNTER REFRIGERATOR DRAWERS
Undercounter Refrigerator Drawers are the ideal addition to your home, both indoor and out. They don’t simply provide extra storage—they also help organize the way you use your kitchen. Designed to enhance an existing kitchen or to serve as a focal point for your new kitchen, True Refrigerator Drawers give you all the cold storage—and style—you could ask for.
TRUE PRECISION CONTROL

True Precision Control® with steel touch technology and readout provides digital accuracy.

OPEN FOOD STORAGE

Rated for both beverage and open food storage.

BIN DIVIDERS

2 heavy-duty bin dividers per drawer.
WINE CABINET

Fine wine requires precision. That’s why True’s wine storage system is meticulously designed to preserve your best bottles, carefully protecting them from UV light, temperature fluctuation, humidity, and vibration. No other wine refrigerator offers the best-in-class performance of True commercial refrigeration with the styling and sophistication of True Residential design.

TRILUMINA LIGHTING

Patented TriLumina® LED lighting gently illuminates your product and allows you to choose from white, amber or blue with the push of a button.

ZERO CLEARANCE HINGE

Zero-clearance hinging allows for integrated installation.
TRUE BEVERAGE DISPENSER
The True Beverage Dispenser is handcrafted to give you The Perfect Serve. Ideal for the beer connoisseur and for those who love to entertain, this draft beer dispenser uses our exclusive airflow technology, ensuring a consistently frosty, refreshing pour. Whether a single or dual tap, indoor or on the patio, your True Beverage Dispenser will serve you—and your guests—well.
**TRUE PRECISION CONTROL**

True Precision Control® with steel touch technology and readout provides digital accuracy.

**EXCLUSIVE AIRFLOW TECHNOLOGY**

Exclusive airflow technology provides The Perfect Serve every time.

**STAINLESS STEEL LOCK**

Standard with lock (stainless steel models only)
The exceptional craftsmanship of the True Professional Series® is evident in the precise attention to detail and styling of the True Beverage Center. With True’s exclusive balanced refrigeration system, you can set the temperature as low as 33°F, keeping your drinks icy cold. This exclusive technology also enables rapid cooldown of beverages and maintains them at the perfect temperature so they’re ready when you are.
TRUEFLEX SHELVING

TrueFlex® shelving system allows convertibility to a beverage center or wine cabinet.

STAINLESS STEEL ENCAPSULATED SHELVES

2 adjustable/removable stainless steel encapsulated glass shelves

TRUE PRECISION CONTROL

True Precision Control® with steel touch technology and readout provides digital accuracy
OVER 65 YEARS OF TRUE COLD

We pioneered commercial refrigeration. Now we’ve refined it for the home.
True Manufacturing is recognized as the leading manufacturer of commercial refrigerators and freezers in the world for the foodservice and soft drink industries. The path to that leadership position began in 1945, when Bob Trulaske and his father, Frank, and later his brother, Art, developed a refrigeration company in their house on Lenox Avenue in St. Louis. From their garage, they built the first 40 cu. ft. upright freezer on the market. Soon after, they began manufacturing Wrapped Rail Roll-Top Bottle Coolers for beer and beverages in a multi-story warehouse on Pine Street in downtown St. Louis, Missouri.

One of the Trulaske’s very first refrigerators was used to keep beverages cool in a neighborhood bar, where an exhausted traveling 7UP salesman stopped for a drink. He noticed the refrigerator behind the bar and, after finding out that it required no unwieldy, expensive blocks of ice, told the bar owner he had to know who built it for him. In 1948, the 7UP company purchased its first order of True Roll Top Bottle Coolers, and the True legacy was born. That legacy has grown over the course of 65 years and now includes—in the True Professional Series—commercial refrigeration refined for the home.

For over 65 years, we’ve been an industry leader in refrigeration. We’re respected and sought-after by the culinary community, our refrigerators appearing in some of the most prestigious restaurants and hotels around the world. Now, we’ve taken our decades of refrigeration leadership and expertise and refined our refrigeration line for the home, bringing the performance and quality of commercial refrigeration to your kitchens and outdoor entertaining spaces. We call it the True Professional Series, residential refrigeration handcrafted in the USA with the same meticulous attention to quality and detail that industry professionals demand.
